

### 500 - Internal Server Error

Failed to execute command 'export PATH=/bin:/sbin:/usr/bin:/usr/sbin:/usr/local/bin:/usr/local/sbin; export LANG=C.UTF-8; mount -v --source /dev/disk/by-

uuid/CCF68D9EF68D8982' /srv/7fa6b1a44c6bcfda04e32d795b3ebb2d' 2>&1' with exit code '16': Mount is denied because the NTFS volume is already exclusively opened. The volume may be already mounted, or another software may use it which could be identified for example by the help of the 'fuser' command.

### 400 - Bad Request

uuid: The value " is not an UUIDv4.

```
